STATEMENTSUIT CONCEPTS

At STATEMENTTUXEDOS we target Low, middle and upper-middle income men by offering quality merchandise at everyday low prices. Because we concentrate on men's "wear-to-work" business attire which is characterized by infrequent and more predictable fashion changes, we believe we are not as exposed to trends typical of more fashion-forward apparel retailers, where significant markdowns and promotional pricing are more common. In addition, because this inventory mix includes "business casual" merchandise, we are able to meet demand for such products resulting from the trend over the past decade toward more relaxed dress codes in the workplace.
